

LAKEVIEW HOMES

Family-first communities from Shelburne to Niagara

Greenbrook Village has just released Phase Five in this idyllic family community of detached homes, only 35 minutes from Brampton. This is your opportunity to select a full sized 40-foot home site, starting from just \$279,990.

SHELBURNE'S BEST FAMILY COMMUNITY

Greenbrook Village has been phenomenally successful and continues to grow. Over 250 happy families call this community of picturesque bungalows and two-storey homes with double-car garages home. There are also several quick closings available so you can join them in just 30, 60 or 90 days.

The lovely Bayfield, Rockport, and Thornberry model homes are ready to tour. Experience the quality and finishes of a Greenbrook Village home in person. The Bayfield is a beautiful three- or four-bedroom bungalow, with an open-concept kitchen/living room. The Rockport model is a stunning two-storey design, which strikes a perfect balance of formal and modern living with features like a separate dining room, an optional servery, study areas,

and a two-storey great room. The Thornberry, a two-storey design, is inspired by Old Ontario architecture, and is also the new location of the Greenbrook Village Sales Office.

There's plenty to do and explore in and around Shelburne: drive-in movie nights, exploring the Bruce Trail, artists' studios, outdoor education centres, and countless recreational opportunities from mountain biking, skiing and golfing to hockey, canoeing and horseback riding.
